## **DETAILED ACTION**

### ***Allowable Subject Matter***

Claims 5-7, 9-16, and 19-21 are allowed.

### ***Claim Rejections - 35 USC § 103***

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 1-4 and 8 are rejected under 35 U.S.C. 103(a) as being unpatentable over Hatakoshi et al. in view of Nagahama et al.

As noted in the Office action of 20 November 2002, Nagahama et al. teaches the specific materials recited for the active layer and the MQW layers. Such materials would have been obvious in order to tailor the bandgaps of the layers, in order to obtain the desired output wavelength. Hatakoshi et al. teaches the layer structure as in the amendment, with active layer between first and second waveguide layers, and with first and second cladding layers. Waveguide and cladding layers as taught in this reference would have been obvious in order to obtain the functions of waveguiding and cladding, both well known for light emitting devices.

### ***Conclusion***

Applicant's arguments with respect to the rejected claims have been considered but are moot in view of the new ground(s) of rejection.

Art Unit: 2811

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
